Giving Shape to Ideas

# For small businesses to large corporations Versatile solutions that keep you ahead

## Cloud and mobile connectivity for a new work style

### ■ Leverage cloud services with bizhub Connector

bizhub Connector apps<sup>1</sup> can be registered to the main unit to access cloud services<sup>2</sup> and SharePoint 2007/2010 corporate servers directly from the control panel.

**New**

#### **bizhub Connector**

Available in three types of apps

- **bizhub Connector S-1** for Microsoft SharePoint
- **bizhub Connector G-1** for Google Apps
- **bizhub Connector E-1** Works with Evernote

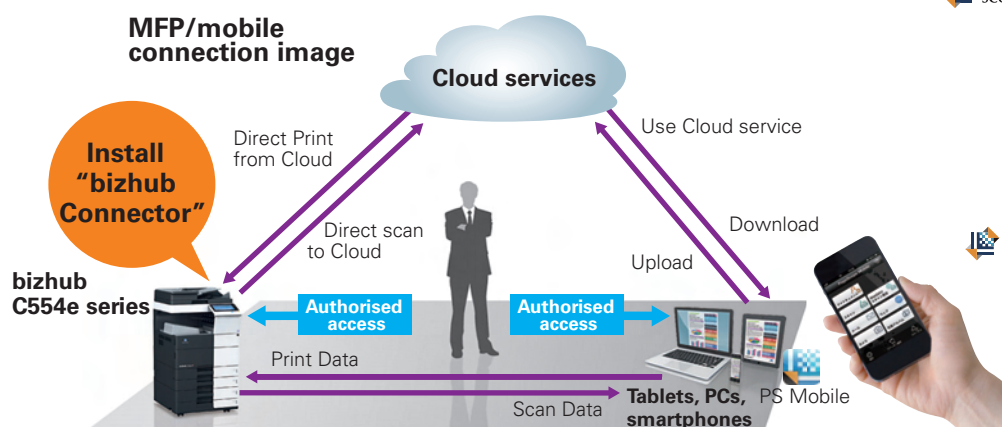

<sup>1</sup> Optional Upgrade Kit UK-204 and i-Option LK-101 v3 are required.

<sup>2</sup> Google Drive, Gmail, Evernote

### ■ PageScope Mobile for intuitive mobile device operation

Print documents and images directly from and receive scanned data with mobile devices such as smartphones or tablets with the PageScope Mobile for iPhone/iPad and for Android apps (free-of-charge). Cloud services<sup>3</sup> can also be accessed for sharing information and for a wider range of other uses.

<sup>3</sup> Usable cloud services as of 1 September 2013 are as follows: Google Drive, DropBox and Evernote.

**PAGE SCOPE** Mobile for iPhone/iPad

**PAGE SCOPE** Mobile for Android

# Smart & simple Comfortable operations for everyone

## ■ Ready-to-use operability for anyone

The bizhub C554e series adopts the easy and intuitive INFO-Palette design smart user interface, providing the same user experience in any business situation through seamless operation even from PCs, tablets and smartphones.

Uniform operations make information sharing smoother.

## ■ Easy smartphone-like operation

The bizhub C554e series implements the new multi-touch user interface which realises the same intuitive operation as mobile devices. Smartphone-like tap, flick and pinch make operations easier and more comfortable.

Flick the Copy screen

Rotate images on the Preview screen

# High-level multi-functional solutions for immediate office use

## ■ Convert hardcopies into MS Office files

Scan printed documents to create reusable Microsoft Office<sup>1</sup> files (PowerPoint, Excel<sup>2</sup>, Word<sup>2</sup>). And choose from five types of PDF files according to purpose, including Compact PDF, Encrypted PDF and Searchable PDF.

### Convertible PDF files

Searchable PDF (for digitising text via OCR of text)<sup>2</sup>  
Compact PDF (for creating highly compressed PDFs)  
Encrypted PDF (for adding digital IDs)  
PDF/A (for long-term archiving)  
Linearised PDF (for optimised web display)

### Convertible Office files

OOXML files<sup>1</sup> (extensions: .docx<sup>2</sup>, .xlsx<sup>2</sup>, .pptx)

1 Microsoft Office 2007 or later format 2 Optional

### [Scan to PDF] [Scan to OOXML]

- OCR processing allows text searches
- Allows images and text to be reused with Microsoft Office

PC's, servers, mobile devices, USB memory devices, etc.

### Required options

For converting PowerPoint files with OCR  
(Options not required for PowerPoint conversion without OCR)  
● Upgrade Kit UK-204 ● i-Option LK-105 v3 or i-Option LK-110

For converting Word and Excel files  
● Upgrade Kit UK-204 ● i-Option LK-110

## ■ Beautiful high-quality colour outputs

Print thin lines and small text more clearly in real 1,200 dpi full-colour high resolution to create more convincing documents.

## ■ Optimal device placement for eco-conscious performance

Konica Minolta's consulting service, Optimised Print Services (OPS), promotes greater business efficiency through optimal device placement and reduced TCO. Optimally placing devices with better environmental performance also reduces power costs.

## ■ Optimal security regardless of scale and environment

Build the optimal device security system according to use and scale with a variety of authentication systems including server-free MFP authentication, connecting with the already operating authentication server, IC card authentication using employee IDs and the sure-safe biometric authentication.

The bizhub C554e series achieves an unparalleled level of security by complying with IEEE 2600.1<sup>3</sup> international standard for MFP and printer information security.

<sup>3</sup> Under evaluation

# Minimise costs and environmental impact without the hassle

## Low power consumption even during use

The bizhub C554e series easily clears the new Energy Star standard TEC values (with just 3.52 kWh for the C554e). The thoroughly energy-saving design also reduces TCO.

### [TEC value reduction comparisons]

\* Values for 220-240 V

\* TEC values applied to the International Energy Star Program Version 2.0

### Yearly CO<sub>2</sub> emissions:

TEC value × 52 weeks × emission factor

(From the November, 2011 press release by Japan's Ministry of the Environment.)

## A mere 1-watt power consumption in Sleep mode

The bizhub C554e series achieves even further energy savings in Sleep mode by reducing power consumption from the C554 series' 3 watts to just 1 watt.

## More environmentally considerate materials

Recycled materials are effectively employed for the outer surfaces such as recycled PC/PET developed by Konica Minolta using advanced chemical processing technology, recycled PC/ABS and bioplastics to help reduce environmental impact.

● PC+PET (recycled) ● PC+ABS (recycled)

Model shown is C554e with options.
